World Leading Integrated Polyester Producer

Single pellet solution:

To provide international brand customers total solution with ready to use resin combining virgin & recycled PET.

Go Green: The R-PET Circular Economy

Plastic #1 can be returned to original uses

- **7 types of plastic:** check the number on the back or bottom of a plastic product, and #1(PET) can be returned to its original uses.

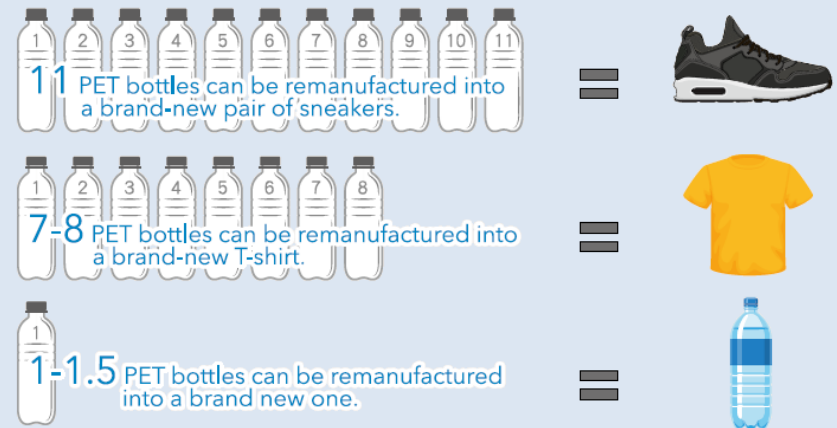

R-PET is more eco-friendly

Compared to conventional production of virgin PET bottles, producing R-PET bottles reduces GHG emissions by **63%**.

FENC is Asia's largest recycled PET producer

- **Leading in the R-PET business:** FENC has invested deeply for over 30 years.
- **Waste Reduction:** FENC has reduced waste by 8.1 billion PET bottles/year, enough bottles to circle the Earth 46.5 times.

Empowering Possibilities (I) : From Reaction to Creation

Key milestones of FENC's R-PET products

• Green products certifications received

1 Safe for food packaging use

Health
Canada

2 Recycled content certifications

3 Other green certifications

Creating solutions for clients

- **Adding product traceability:** For a premium, on client's request, FENC can put a tracer in our R-PET products, with a bar code allowing a trace of the waste's origin.

Closed-loop business model

- **Secure feedstock supply:** New partnership & business model with Coca-Cola & 7-eleven in Japan.
 - ① **Overall goal:** eco-friendly and reduce the waste in Japan's domestic market
 - ② **Mutual benefits:** secure feedstock for FENC & Coca-Cola, and solve the trash problem for 7-Eleven

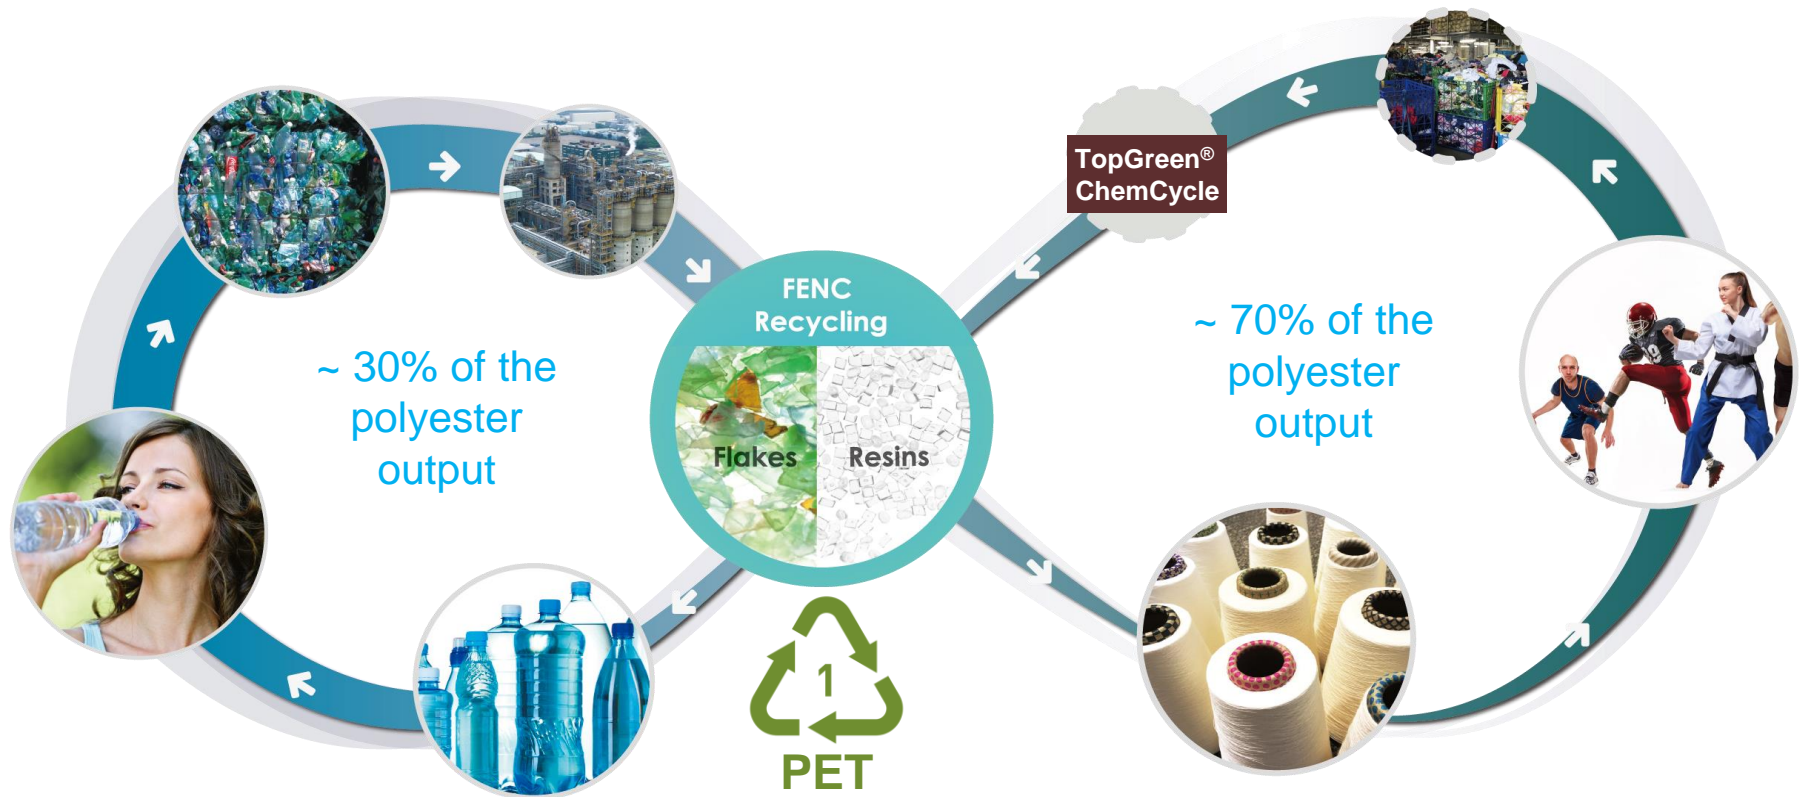

Empowering Possibilities (II): Close Customer Partnerships

Invest in the Future: Post Consumer Textile Recycling

TopGreen® ChemCycle: FENC's PET recycling technology breakthrough “chemical recycling”

- 1 To chemically convert used PET bottles/other polyester wastes (regardless of colors and printing inks) into recycled PTA (rPTA)
- 2 Using rPTA to produce “ChemCycle Resins”, chemically recycled PET resins, with a quality equal to that of virgin PET resins.

The New Normal post COVID-19 Pandemic

- **A new business opportunity for hygiene & safety materials to enhance FENC's product portfolio**

- Standing on the frontline to protect people's health & empowering a better and safer life.

About FENC

Far Eastern New Century (“FENC”) is a leading polyester recycling company publicly traded in Taiwan since 1967 with a market capitalization of approximately US\$6 billion. It's a constituent of the MSCI ESG Leaders Indexes and FTSE4Good Emerging Index. FENC is also the flagship company of Far Eastern Group and has diversified businesses ranging from production, to property development and investments.

On the production side, FENC aims to expand its green material business by increasing the scale of its recycled products. After expanding capacities in Taiwan, Japan and the United States, FENC has become one of the world's largest post-consumer recycled polyester producers. With their high quality and speed to market, FENC's products have been adopted by well-known global brands including Coca-Cola, Nike and Adidas.

FENC is a world top-three PET producer in terms of capacity and the leading PET producer in Asia. With its production sites in Taiwan, the United States, Vietnam, China, Japan and Southeast Asia, FENC is the only global polyester supplier providing integrated production and total solution services ranging from upstream feedstock to downstream daily necessities. FENC's strategy is to strengthen its position as a leading polyester producer by maintaining long-term client partnerships, upgrading its product mix and enhancing research and development capabilities.

Currently FENC has total investment properties of 200,000 pings (662,000 square meters) in Taiwan, the majority of which are located in prime areas of northern Taiwan. The Taipei Far Eastern Telecom Park (Tpark) project in Banqiao, New Taipei City is one of FENC's development priorities.

The majority of the Company's investment portfolio is listed companies on the Taiwan Stock Exchange with proven track records, including Asia Cement Co., Far EasTone Telecommunications Co., Far Eastern International Bank, Oriental Union Chemical Co., Far Eastern Department Stores Limited, and Everest Textile Co. Limited, thus providing the Company consistent dividend and investment income each year.

Provide Local to Local Services

- Regionalization with various & diversified production sites and flexible sales & distribution to mitigate the effects of trade barriers.

- FENC's production sites:** Taiwan, China, Vietnam, United States, Japan and Malaysia.
